

Styrolution Köln GmbH · Alte-Straße 201 · 50769 Köln

To whom it may concern

05.10.2011

**Confirmation  
EU-Regulation 1005/2009 and Montreal Protocol**

We confirm :

Our thermoplastic resins of product-lines **Lustran<sup>®</sup>** ABS, **Novodur<sup>®</sup>** and **Triax<sup>®</sup>** comply with the requirements of Regulation (EC) No. 1005/2009 of the European Parliament and of the Council of 16 September 2009 on substances that deplete the ozone layer.

Ozone Depleting Substances (ODS) as listed in this Regulation and in the Montreal Protocol are **not** used in the manufacturing of above mentioned thermoplastics resins and are **not** known to be present.

Dr. Wolfgang Schulz-Schlitte  
Product Safety Manager

This information of and our technical advice-whether writing or by way of trials-are given in good faith but without warranty and this also applies where proprietary rights of third parties are involved. Our advise does not release you from the obligation to check its validity and to test our products as to their suitability for the intended processes and uses. The application use and processing of our products and the products manufactured by you on the basis of our technical advice and beyond our control and, therefore, entirely your own responsibility. Our products are sold in accordance with the current version of our General Conditions of Sale and Delivery.
